

Drafting Position Available

Beck Cabinet Company is seeking a self-motivated drafts person. Full-time position is open for an entry level Auto CAD drafter. Position consists of drawing casework, custom units, wall panels, and wood trim for submittal and engineering purposes.

Requirements and responsibilities include:

- Must have experience in Auto CAD 2006 or higher
- Able to read and understand architectural drawings
- Drafting in company designed formats
- Able to work in Microsoft office 2007 or higher
- Experience in Cabinet Ware software a plus

Wage will be based on experience.

Benefits: Opportunity to work in an environment that is invigorating and challenging. Our full time personnel enjoy health insurance, paid holidays, overtime opportunities and vacation pay.

Company Info: We have over 30 years in the industry. The economic downturn in 2008 forced us to reduce our staffing however diligent work and commitment our sales have increased and we anticipate that to continue. Prior to the downturn we had a very low turnover rate, and in the aftermath kept many dedicated individuals employed.

We are diverse group and desire to find someone who is not afraid to work hard is smart and ambitious. We are an equal opportunity employer.
